The musical part of the service, to be directed by Albert Edmund Brown, will be given by the Lowell Masonic choir and a band selected from the Musicians' union, which

will make no charge for its services. "Nearer My God to Thee" will be played in the nature of a procession, during which the audience will be seated. In like manner, "The Star Spangled Banner" will be played as a recessional and as the people pass out of the building.

It was first suggested that Battery B, Capt. George J. Faneuf, commanding, should fire the presidential salute of 21 guns at the completion of the Auditorium service, but Captain Faneuf has received notification of the prescribed salute in connection with the president's death, which will be carried out by his battery as follows: Half-hour guns from 6 a. m. until the hour of funeral, minute guns during the hour of service and half-hour guns thereafter until sunset, making a total of 48 guns. This salute will be fired from the summit of Fort Hill.

The memorial program, made up in the office of the mayor and today sent to the printers, will be of eight pages, and in addition to the order of service will contain an "In Memoriam" photograph of President Harding, with the date of birth and death; the official notification of the president's death sent to the city council by Mayor John J. Donovan, and the set of resolutions adopted by the council. On the front cover will be the necessary words to designate the service.

RAISE FUND TO DEFRAY EXPENSES OF MRS. SULLIVAN AND CHILD TO ENGLAND

In order to recognize the spirit of persistency and determination, a result of which Henry Sullivan finally accomplished his feat of swimming the English channel, and also to join in the city-wide preparations for his reception when he returns, the chamber of commerce has taken up the suggestion, made by several of its members, that a fund be raised to defray the expenses for the trip to England by Mrs. Henry Sullivan and daughter Marion, to meet the swimmer there.

Members who made the suggestion

deem it proper to recognize in some manner Mr. Sullivan's feat which has not only brought fame to himself, but also to the United States, and our own city of Lowell, Mass., just as many another sporting event of international interest has brought fame to other cities.

The moral in Mr. Sullivan's accomplishment bears out the old proverb, "If at first you don't succeed, try, try, again," and should be brought to the attention of both young and

DONNELLY AWARDS CONTRACT FOR ASPHALTIC PAVING MATERIALS TO LOWELL COMPANY

City Purchasing Agent Edward J. Donnelly today awarded a contract to furnish the street department 20,000 square yards of asphaltic paving material to the Nashoba Construction Co. of Lowell, whose bid, submitted several days ago, was five cents per ton higher than that made by Simpson

Bros. Co. of Boston, who did the city's asphaltic work last year.

The contract now awaits the approval of the mayor to become effective.

In awarding the contract the purchasing agent has settled a question

Installation Would Cost in Vicinity of \$35,000, It Is Estimated

John A. Stevens, consulting engineer, today filed with the board of public service his report on the installation of

two new tubular boilers at the West Sixth street pumping station.

At the outset the report states that in order to install the boilers in a modern manner so as to obtain a maximum in economy, the building itself will have to be enlarged to provide for them. The report calls for a widening of 13 ft. on the side opposite the sixth street face wall, carrying out practically the same type of architecture as the main structure. The boilers will be so installed as to make use of the existing stack with a small extension of flue and the boilers will be further so installed

Impressive Services in Capitol—Body Now Lies in State

WASHINGTON, Aug. 8.—(By the Associated Press)—A swelling tide of honors bore Warren Harding today, back over the road by which he came, triumphant, to the presidency two crowded years ago.

For him the urge of ambition ended, the compelling call of duty stilled in death. Amid the tens of thousands of his silent countrymen grouped along the way, he passed in such state as only the great dead of the nation may know. And beyond the brief hour of the ceremony of sorrow, there awaited for him rest eternal on the soil that gave him birth.

Down the wide avenue he was carried today with marching legions tramping ahead to lay him under the dome of the capitol a while ere he goes back to his native state to stay forever. That high resolve of duty had brought him death and with it the peace and quiet he loved, but which he could set aside at the nation's call.

Pershing Heads Procession
With Pershing riding ahead, the marching thousands of the escort led the way the steel of their bayonets glittering above them. Soldiers, sailors, marines and citizen soldiers, all were there and behind them came the new president, still bowed in grief that his high office came at such a price. Came also two men who before

NO ACTION BY COUNCIL ON MAYOR'S BUDGET—SALARIES FOR ELECTION BOARD

The city council met in special session last night for the express purpose of acting upon a supplemental budget prepared by the mayor for the aid of several departments and totalling \$90,306, but the budget passed by with hardly a comment, to be taken up at another special meeting next Monday night. In the meantime it will remain within the council committee on finance and bonds.

The council finally passed an ordinance establishing salaries of members of the election commission at \$200 per year, effective on date of passage, instead of being retroactive as called for in a previous ordinance rejected at the last meeting.

Resolutions were passed recognizing the feat of Henry F. Sullivan in mastering the waters of the English channel in his Dover to Calais swim and it was the sense of the council that at a proper time the city should lay plans for his reception.

The council and others in the chamber stood for one minute in deep silence out of respect for the late president.

Meeting in Detail

When the meeting was called to order at 8:30 o'clock, Councillors McFadden, Chadwick, Genest, McFadden, Cosgrove, Morin, Stearns, Fitzgerald and Gallagher were present. Councillors Christian, Sadler and Hennessey came in later.

For 20 minutes the council considered and disposed of routine petitions which had accumulated since the last regular meeting.

A report was received from the board of public service, stating it will cost about \$2500 to reconstruct the cross-over tracks in front of the Y.M.C.A. to eliminate the present inconvenient and dangerous curve into Dutton street and adding the board has no

money available for this work. The report was referred to the committee on finance.

The matter of changing the name of Vernal street to Samuel avenue, referred some time ago to the public service board was returned to the council without action.

An order calling for the laying out of crossing lines for pedestrians on downtown streets, also was sent back to the council from the public service board with the notation that the board has insufficient funds to finance this work. It also was sent along to the finance committee.

On motion of Councillor Cosgrove, the council voted to ask the street railway officials to take cognizance of the congestion in front of the post office in Gorham street, with the suggestion that Westford street and Chelmsford line cars stop to take on and leave passengers at a pole in Appleton street, thus eliminating much of the present congestion.

Salary Ordinance Passed

The council received from the office of the city solicitor an amendment to an original ordinance establishing salaries of members of the board of election commissioners, which stated they shall be \$200 per year, effective on the date of passage of the ordinance.

Councillor Cosgrove moved the order be advertised, but Councillor McFadden did not think it necessary, inasmuch as the original order was properly advertised as the charter directs. He felt the ordinance in its amended form could be passed and advertised later.

A discussion of charter interpretation followed.

In order to make the procedure legal, the council rescinded action of a previous meeting which had rejected the original ordinance. With the old or-

inance before it, the council then passed the amendment as received from the solicitor.

The council received from the office of the mayor his order for a supplemental budget in the amount of \$90,306.31 to allow certain departments to operate for the balance of the year without a deficit. Accompanying the order was an explanatory communication which was read and ordered placed on file.

The order of appropriation called for the transfer of \$35,552 from the state aid appropriation to general treasury fund.

Councillor Sadler moved the order be referred to the finance committee and it was so voted.

Councillor Fitzgerald spoke of the signed honor conferred upon the city by Henry F. Sullivan, in accomplishing the feat of swimming the English channel, and felt the city should set aside an appropriation of \$1000 to be used to finance a proper reception for him on his return to his native city.

Resolution Presented

Speaking about the same line, Councillor McFadden offered a set of resolutions, expressive to Mr. Sullivan of the council's congratulations and appreciation of his accomplishment.

Councillor Stearns touched upon the characteristic trait of persistence displayed by the swimmer and seconded the motion. By a hearty vote the council unanimously passed the resolutions, a copy of which will be forwarded to Henry F. Sullivan.

Councillor Fitzgerald's suggestion was referred to the committee on finance.

On suggestion of Councillor Genest the city clerk was authorized to inform and notify the Eastern Massachusetts Street Railway Co. of two charter stops in or near Kearney square, which might be available for waiting room purposes.

Councillor Stearns moved that the council as a body take a view of the street work accomplished during the first half of the year, under the direction of the board of public service and designated next Monday afternoon as the time. Accompanying the coun-

cil will be the public service board, the mayor and Charles O. Stickey, who, Mr. Stearns said, has evinced much interest in street building for many years. The councillor's motion prevailed, and adjournment followed at 10:15 o'clock.

NEW SWIMMING CLUB

Membership Continues to Grow—Plan to Hold Championships at Lakeview

The Lakeview swimming club which was recently organized, is doing big and already has a list of over 40 names of young and old people of Lowell. Last Friday President Walter Kendall and M. F. Besides the one mile there will be races for boys under 16 and several races for girls as well as for members of the club. The entry blanks will be ready next week. This week several notices in the swimming game were signed up including "Mickey" Keefe, Dracut, "Polar bear" who swims all the year around and will be Walter Kendall, New England one-half mile champion. Entries are being distributed to members and anyone wishing to join should get in touch with M. F. Ryne, 652 Broadway or Walter Kendall, Dracut, Mass. There will be a meeting next Friday, August 10th, at 8 o'clock at Lakeview.

WHITFIELD LEADS IN MISSISSIPPI PRIMARY

JACKSON, Miss., Aug. 8.—With approximately one-fifth of the vote cast in yesterday's democratic primary for governor and other state offices, tabulated early today, Henry L. Whitfield, of Columbus, former president of the Mississippi state college for women, was leading his four opponents for the gubernatorial nomination by a wide margin, but indications were that a second primary would be necessary.

Sennett "Mike" Conner of Seminary, speaker of the house of representatives and former Governor Theodore G. Bilbo, of Poplarville, who announced his candidacy late in the campaign while serving a sentence in jail at Oxford for contempt of federal court, were running neck and neck for second place.

MARJORIE RAMBEAU SUES FOR DIVORCE

SAN FRANCISCO, Aug. 8.—Marjorie Rambeau, the actress, filed suit for divorce yesterday against Hugh Dillman, actor. The complaint charges that Dillman had struck his wife on several occasions, that he failed to contribute to her support for nearly a year, although he earns approximately \$1000 per month, and that he deserted his wife in April, 1923. Dillman's real name is Hugh Dillman McGaughey. They were married in New York about three years ago.

Prior to her marriage to Dillman, Miss Rambeau was the wife of Willard Mack, playwright and dramatist, from whom she was divorced in 1917.

Files Charge Against Cabinet Manager

PARIS, Aug. 8.—Prince Hajo Tavalon Houenou, nephew of King Behanzin of Dahomey, has filed a charge of assault and battery against the manager of a Mont Martre night cabaret, alleging that he and a negro friend had been expelled from the establishment because some of the customers objected to the presence of negroes. The prince, who is a member of the appeal court bar, contends that despite his protest he and his friend were thrown into the street where the police gathered them up and took them to the stationhouse. They were allowed to go after their names and addresses had been taken.

Pains in Limbs and Back Disappear on Taking Dreo—Feels Stronger

Day after day people are speaking in praise of Dreo in such open, frank words that no one can doubt their sincerity. Persons who have given it a fair trial claim it has strengthened a weak digestion, roused a lazy liver, banished constipation, restored damaged kidneys, and overcome rheumatism. Read the recent statement of Mr. Frederick L. Jones of Collingville, near Lowell, Mass. He says:

"I hated to get up in the morning, knowing full well that I had a day of suffering before me. I could not move without pains shooting through my back and limbs. And when I rated my rheumatism was so bad that I wanted to yell from the pain."

"My instinctively put my liver in a sluggish condition. Looked pale and sickly. I felt tired and weary. My system was run-down and weak. Nothing that I took did me a bit of good."

"I heard of Dreo and decided to try it. It was the luckiest day of my life. This wonderful remedy completely relieved me of my troubles. All trace of my rheumatism has disappeared. I am stronger and that tired feeling has gone. And my liver working properly has cleared the poison from my system. I hope that everyone suffering from my trouble will benefit by taking this wonderful medicine."

Everywhere you go these days you find someone praising Dreo, for the great amount of good it has done in cases of stomach trouble, sluggish liver, weak kidneys, constipation, catarrh, rheumatism and as a blood builder and reconstructive tonic.

Call today at Green's Drug Store and ask to talk with the expert from the Dreo Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Dreo will benefit you. Also Dreo is sold in Nashua by Nashua Drug Co., 175 Main St.—Adv.

FUNERALS

MAGUIRE—The funeral of Andrew F. Maguire, a well known resident of this city, took place this morning at 9 o'clock from his late home, 25 Wilmot street, and was largely attended by sorrowing relatives and friends. The funeral cortege proceeded to St. Peter's church, where at 9 o'clock a solemn high mass of requiem was sung by Rev. Peter Linehan as celebrant; Rev. Francis L. Shea as deacon and Rev. John M. Shannon as sub-deacon. The choir sang the Gregorian chant, the solos being sustained by Miss Mary Ryanne, Mr. James E. Donnelly and Joseph M. Maguire. The funeral cortege proceeded to St. Peter's church, where at 9 o'clock a solemn high mass of requiem was sung by Rev. Peter Linehan as celebrant; Rev. Francis L. Shea as deacon and Rev. John M. LOWELL YOUNG MAN BACK FROM CUBA

Theodore Cassinus, a well known young man who is connected with many local fraternal activities, returned yesterday after a month's trip to Cuba. Mr. Cassinus left on the steamer San Blas of the United Fruit company, making his first stop at Havana. He later went to Port Limon, Costa Rica, where, he says, they made him feel right at home, for the little darkies out there sit on large bunches of bananas, singing "Yes, We Have No Bananas." They also delight in trying to imitate Charles Chaplin and Harold Lloyd.

His next port was Kingston, Jamaica. Here, he says, the traffic officers are a sight well worth the seeing. Their uniforms made quite a contrast with their complexion, as the officers are all natives. The uniforms consist of a white helmet, white coat, with silver buttons, black belt, silver buckle, and blue trousers with red stripes. The officers are quite proud of their uniforms and think it a great honor to be so bedecked. The natives here live chiefly on fruit and the women and girls do most of the work. The steamer also stopped at Port Antonio and Maria, Jamaica, where they loaded for their homeward journey. The boat's cargo consisted of 41,443 bunches of bananas, 2579 bags of coffee, 250 bags of cocoa, 192 crates of pineapples, 500 crates of coconuts and a miscellaneous assortment of fruit, tobacco, oil, honey and spices.

LOWELL DISTRICT COURT

Man Originally Held in \$25,000 is Continued Again—Other Cases

The case of Paul F. Butler, charged with operating an auto without a license and also carrying a revolver without a permit, was further continued in district court this morning for 2 weeks, as State Officer Thompson, who made the arrest, is now confined to a hospital as a result of a slight accident.

Butler was arrested early last Wednesday morning in Tewksbury and he was closely questioned as to any knowledge he might have of the murder of Officer Arthur J. Bower of Methuen. Last Wednesday morning he was arraigned in court and at the request of the police, bail of \$25,000 was ordered.

On the following day, however, his bail was reduced to \$500, as the police officials were then satisfied that Butler was in no way connected with the murder.

John Meltride was found guilty of operating an automobile while under the influence of liquor and a fine of \$100 was imposed. He was arrested on Merrimack street by Officer Aldrich and testimony was also offered by Capt. David Perrie. William F. Kane was fined \$150 on a charge of illegally selling liquor, but a complaint charging him

with illegal keeping was dismissed, as it was proven he was not the owner of the establishment.

Daniel O'Keefe, charged with drunkenness, was given a suspended sentence of six months. Bernard J. Flynn was fined \$15 for drunkenness and a fine of \$5 was imposed on John Omen for drunkenness.

Donnelly Awards Contract

Continued

that have caused more or less controversy during the past week or so, especially because the first contract for asphaltic materials this year was awarded until after many conferences and hearings, although finally going to the Nashoba Co., against the expressed desire of two members of the public service board.

Accompanying Agent Donnelly's award today was an explanatory statement in which he outlines his reasons for the action taken, saying that the lower cost of operation by the Nashoba Co. more than offsets the slight difference in the bids submitted.

"After careful consideration and investigation, I have this day awarded the contract for asphaltic concrete to the Nashoba Construction Company of Lowell. This bid, submitted by the Nashoba Construction Co., \$35.50 per ton, is equal to, or less than, the bids of other individuals in the distribution of

same, the difference being less than \$100 on a total cost of \$20,000. It was necessary to consider other elements entering into the matter in arriving at my decision. These were: The production, capacity and efficiency of each firm, the operation cost to the city of Lowell, and the desire, combined with the best interests of the city, to foster local business interests, where conditions were found to be equally favorable to each concern.

"I find, from figures obtained from the board of public service, that the operation cost last year in the laying of 215,775 square yards of asphaltic concrete and 715.19 square yards of sheet asphalt, was \$2348, while this year, the Nashoba Construction Co., laid 4761.65 square yards of asphaltic concrete and 215.19 square yards of sheet asphalt, at an operation cost to the city of but \$1795.30.

"It is apparent therefore, from the above figures, that the production, capacity and efficiency of the Nashoba company is higher than that of the Simpson Bros. company, resulting in the lower operation cost to the city of Lowell. It is plain moreover, from these figures that any difference in the bids is more than offset by the operation cost to the city.

"The chairman of the board of public service stated that the Nashoba company was doing very satisfactory work and also that it is of material advantage to the city to have an organization equipped and ready to start operations immediately as is the Nashoba Construction Company.

GAVE ILLUSTRATED LECTURE ON JAPAN

An interesting illustrated lecture on "Japan of Reality and Mystery," was given in Colonial hall, Middle street, last evening by Peter MacQueen, fellow of the Royal Geographical Society of London, who has been traveling through foreign countries the world over for the past 20 years, the proceeds

being given to the Children's home fund. Although his talk was about Japan, its people and their customs, which are tending towards American ways and ideas, he dealt to some extent with the intrigues developed in the death of President Harding. Relative to the countries which illustrates the necessity of proper understanding. The Japanese today, he says, can boast of the best ordered government in the Orient. "China is clearly in the wrong," he

said, "and Japan is just as clearly in the right in all the discussions which have taken place about the far east during the past few years. When Japan met a clear-headed man like Harding, her statesmen made every effort for sanity and good will in the politics of the Pacific."

Mr. MacQueen also laid great stress on the value of the United States fostering peace and friendship in the far east. Illustrating his lecture with beautifully colored slides of the great mountain Fujiyama in Japan and other places of historical interest, Mr. MacQueen closed his talk with the following hopeful words: "As I looked for the last time on the melting snows of Japan's sacred mountain, I felt as I had never felt before that just as the great white mountains rise from the level plains of life, so high above human creeds and

racism, above the blood-stained pathway of mankind to progress, stands that everlasting Power, that makes great men and good men in every age and every nation and every year brings the nations into sweeter manners and into purer laws."

Suspect Incendiarism at Devens

CAMP DEVENS, Aug. 8.—The latest of a series of small fires at Camp Devens caused slight damage early today to an unoccupied barracks and led the camp authorities to suspect incendiarism. Members of the New Hampshire National Guard answered the fire call, saved some small arms and a number of motorcycles and trucks and assisted the fire department to get the blaze under control. A sentry told officers that he had seen a man stop an automobile near the barracks an hour before the fire and then hurry away.

United Effort

THE marvelous precision and accuracy of "warp, weft and shuttle" in the loom, exemplify the efficiency of co-operation and united effort.

In sixty mills, more than 35,000 skilled workers are making a united effort to produce woolen and worsted fabrics of dependable value for the millions who need them.

And through that unity—the elimination of waste, the use of efficient machines and the co-operation which only fairly-treated employes can give—the American Woolen Company is annually producing millions of yards of fabric which enables the people to buy good clothing at fair prices.

AMUSEMENT NOTES

HIAULT THEATRE

Tonight will be the only chance for local theatergoers to see John Barrymore in Robert Louis Stevenson's immortal drama of dual personality, "Dr. Jekyll and Mr. Hyde." The other picture that will be shown is "Yellow Men and Gold," from the story of "Greenback Morris" and co-starring Helen Chadwick and Richard Dix. Thursday, tomorrow, there will be an entirely new program. The chief attraction is the late George Loane Tucker's near-to-be-forgotten film production, "The Miracle Man," with a cast that includes: Lon Chaney, Betty Compson, Thomas Morgan and Joseph J. Dowling. This picture was adapted from George M. Cohan's striking Broadway success and is from the original story by Frank R. Packard, the plot of "The Miracle Man" deals with the moral transformation of a gang of New York crooks under the beneficent influence of a deal and blind patriarch, who is a religiously proven power. Coming to him originally with the idea of making money out of his gift, these four products of the underworld are gradually and unconsciously to realize their better selves. Do not fail to see Lon Chaney in the part of "The Frog," who makes himself a piece of misadventure humanity in order to collect money from unsuspecting strangers.

The companion feature is "The Grim Comedian," starring Edith Hall. This picture is the story of "Million Dollar Martin," a man who doubted all women, amused himself with many but centered his love on one human being—himself. He thought that there was nothing money could not buy, and consequently nothing could not have if he wanted it enough. But the day came when he found the one person who meant more to him than himself, a sweet young girl. And all the money in the world could not win her love.

MERRIMACK SQUARE THEATRE

Final performance will be given this evening at the Merrimack Square theatre of "Your Friend and Mine," an adaptation of the famous stage play, featuring an all-star cast, and "Free Air," a Saturday Evening Post story of the west.

For Thursday, Friday and Saturday an exceptionally attractive program has been arranged at the popular "Main street theatre." The features will be "Homeward Bound," starring Thomas Meighan in one of Peter R. Kane's best known stories, and "The Snow Bride," another Paramount production with Alice Brady in the leading role.

In addition, the Merrimack Square will present the first official pictures of President Roosevelt's illustrated Alaskan trip. These are the last moving pictures taken of the late chief executive and are of unusual interest for that reason.

Thomas Meighan's popularity as a Paramount star is unbounded. His recent successes, "Manslaughter," "Back Home and Broke" and "The Snow Bride" present him in widely different roles, but he handles each with consummate artistry. Mr. Meighan is at his best in the portrayal of strong men and he has a role of this character in "Homeward Bound." That it will serve to augment his army of admirers is a foregone conclusion.

The story deals with Jim Bedford, a seaman who wins the love of Mary Brent, the daughter of his employer. He unwittingly incurs the enmity of Mr. Brent, but after a series of dramatic happenings aboard a leaky schooner at sea, Bedford saves the lives of Mary and her father and in a novel manner obtains the stake he is looking for in order to start in business with his bride. The action throughout is rapid and every scene has a thrill of its own.

A screen artist of charm, magnetism and talent, Alice Brady, Paramount star is one of the most popular features of the American stage and cinema. That she is equally at home in her characterization of a South Seas island and a hardy girl of the frozen Canadian north land is proven by her versatile work in "The Leopardess," a romance of tropic isles in which she recently appeared, and her latest star vehicle, "The Snow Bride," a story of the snow wastes of upper Canada. Inasmuch as the picture was filmed in Canada, with the temperature often thirty degrees below zero, it must be inferred that the scene of passion was obtained by director Henry Kolker and his staff of players. It is safe to predict that "The Snow Bride" will be claimed as one of the best impersonations of the Alice Brady screen repertoire.

THE STRAND

A special feature of interest at the Strand for the last three days of the week, starting Thursday, will be a series of pictures shown in connection with the Weekly issue, of the

late President Harding's trip to the west and through Alaska. The views are the last shown of the dead president and include interesting details of his recent travels. Views of President Harding are also shown.

"Brown of the North," with strong heart, the wonder dog in the principal role, is a great story of the north woods, in which scenic effects and remarkable acting by a dog are the features. Strongheart will be remembered in "The Silent Call," in which he made a country-wide name for himself. "Brown of the North" is even better, and will surely win enthusiastic commendation from the picture patrons of the city.

"The Last Moment," with Doris Kenyon and two other Broadway stars in the leading roles, is the second feature for the first part of the week. Don't miss this bill.

For the last part of the week, starting with matinee on Thursday, "Bav" one of the ten best pictures of the year, will head the program. Mystery of the deep-sea variety is the keynote of "Bav," and it is said that this picture outdoes anything in the mystery line that the screen has ever known.

Through sheer strength of the mystery appeal, but "Bav" incidentally presents such famous artists as Wallace Berry, Estelle Taylor, Josef Swickard, Forrest Stanley, Sylvia Sreamer and others. "Bav" was Basil Carrall's play which was an overnight sensation in New York as presented by him at his own theatre. Stuart Payton directed the piece with a skill demonstrated with care in previous productions as "Occupation." Nothing quite as good, in its particular line, has been shown on the local screen. Critics of repute unhesitatingly proclaim "Bav" one of the best. Don't fail to see it.

TROUBLED WITH WORMS
GIRL HAD TWO CONVULSIONS

Signs of worms in children are: Deranged stomach, swollen upper lip, offensive breath, hard and full stomach with pains, pale face, eyes heavy, twitching eyelids, itching of the nose, dry cough, grinding of the teeth, little red points on tongue, starting during sleep, with troublesome dreams, slow fever. The safe method for ridding the child of worms is to use Dr. True's Elixir.

Mrs. Harry A. Salley, Dover, Me., writes: "My daughter has been troubled with worms, had two convulsions and all the symptoms of worms. I began to give her Dr. True's Elixir and noticed a decided change for the better." Always have handy a bottle of Dr. True's Elixir, the True Family Laxative and Worm Expeller. 40c—50c—\$1.20—Adv.

AUG. 1 RED LETTER DAY AT THE BUICK PLANT

Wednesday, August first, was the red letter day of all time at the Buick plant.

From early morning until late at night President Harry H. Bassett and General Sales Manager E. T. Strong were fairly deluged with telegrams congratulating them on the reception of the 1924 Buick line.

Buick district sales managers, branch managers, distributors, dealers, personal friends—and even competitors—were all represented in the symposium of congratulatory messages received. There was not a single dissenting voice to the general expression that never in the history of the automobile business had a line of cars been introduced under such auspicious circumstances.

The attendance on the opening day exceeded 250,000 in the thirty-three leading cities where Buick branches and distributors are located. Based upon this, and later advice, it is certain that the total for the four days will easily pass the million mark.

That the multitude of people were not merely curiosity seekers, was amply proved by the large number of actual orders taken, which exceeded by far the magnificent total of last year which it was then thought would never be beaten.

GOOD WILL HIS POLICY

John A. Stewart Tells of Conversation With Late President Before Tour

NEW YORK, Aug. 8.—A striking picture of President Harding, holding up to himself the mirror of public opinion and candidly discussing what he saw reflected there, was portrayed before the Lawyers' club yesterday by John A. Stewart.

Mr. Stewart was chairman of a committee of the club which was to have welcomed the nation's executive and Mrs. Harding to New York city on Aug. 28, on their way home from the Alaskan tour. At a meeting of the club yesterday to discuss plans for a Harding memorial in September or October, at which President Coolidge would be asked to deliver a eulogy, the lawyer described his last conversation with the man whose body is now in Washington before being taken to its final resting place in the White House.

Characterizing the man from Marion as one who had "laid down his life in martyrdom to appease his sense of friendly duty to the American people, whom he loved so fondly," Mr. Stewart went on:

"A few days before his last departure from Washington, I spent three hours alone with him. He told of his plans to visit the west, Alaska and Canada on a mission of sheer friendship. He talked of good will as an affirmative policy in all political relationships, domestic and international. But the real picture of Harding, seeing himself as others saw him, and honestly, critically, discussing the image he cast, flashed on the screen before the man with whom he talked. He commented on 'the dire unfortunate' that so many of the unthinking should regard good-will as only amiable weakness. As Mr. Stewart related it, the president's reply was:

"It is a pity that this is true, but, nevertheless, I shall continue on my course—to be myself, just as I am."

know my limitations; I know how far removed from greatness I am. But he said that as it may, I intend to approach every problem with good will in my heart. Instead of hatred, which are settled by armed force, are never permanent. Problems can be solved fundamentally only as they are worked out in a spirit of neighborly good-will.

"Good-will is the only solvent of ill-will. I believe this is the time for good-will to be used as the great and by settled. Problems can be solved fundamentally only as they are worked out in a spirit of neighborly good-will.

"But the real picture of Harding, seeing himself as others saw him, and honestly, critically, discussing the image he cast, flashed on the screen before the man with whom he talked. He commented on 'the dire unfortunate' that so many of the unthinking should regard good-will as only amiable weakness. As Mr. Stewart related it, the president's reply was:

"It is a pity that this is true, but, nevertheless, I shall continue on my course—to be myself, just as I am."

Mr. Stewart declared that death prevented other good-will missions which President Harding would have undertaken among nations outside his jurisdiction saying: "I can now say without ill consequences that, if God had spared him and he had been re-elected president of the United States, Mr. Harding, during his second term would have visited Great Britain, France and other European nations in the same amiable, friendly, kindly, loving, neighborly way he visited Alaska and Canada—not on a political mission, but only in an endeavor to become for all the world the exemplar of the new politics."

MATRIMONIAL

A wedding of local interest took place this afternoon at St. Jeanne d'Arc church when Mr. Leo LeSueur, a former resident of this city and now of Montreal, Que., and Miss Beatrice Boudreau, daughter of former Councilman and Mrs. Louis B. Boudreau of this city, were united in the bonds of matrimony. The ceremony was performed at 2 o'clock by Rev. Dr. Charles Denizer, O.M.I., in the presence of a large gathering of friends and relatives. As the bridal party entered the church Antoinette Dion, the church organist, played a wedding march on the organ and during the

The bride was attired in pink satin with beaded overalls and wore a picture hat to match and carried Ophelia roses. She was attended by Miss Marion Robinson of Springfield, who wore pink satin with lace overalls and black picture hat and carried Ophelia roses. The best man was Mr. Roland Boudreau, a brother of the bride. At the close of the ceremony the bridal party repaired to the home of the bride's parents, 62 Mt. Hope street, where a buffet luncheon was served, followed by a brief reception. Mr. and Mrs. LeSueur, who were the recipients of numerous wedding gifts left in the latter part of the afternoon on an automobile honeymoon trip to the various beaches along the north shore. After Sept. 15 they will make their home at 1005 Sherbrooke East street, Montreal, Que. In attendance at the wedding were Miss Josephine King of Portland, Me., Prof. Leary, also of Portland, and Miss Margaret Boudreau of Springfield. Mr. LeSueur is a native of this city and lived here many years. At one time he was organist at the Merrimack Square theatre. He is now in charge of the organ at the

Midway theatre in the Canadian metropolis and also maintains a piano-forte and organ studio in this city.

One of the prettiest weddings of the season was held this morning, when Mr. Rodrique Ricard, son of Mr. and Mrs. Frank Ricard, and Miss Edith Moore, daughter of Mr. and Mrs. Phillip Moore of 114 Cabot street, were united in the bonds of matrimony at 8:45 o'clock, at St. Jean Baptiste church. Rev. Louis Bachand, O.M.I., performing the ceremony. The couple was attended by Mr. Frank Ricard and Mr. Phillip Moore, fathers of the bridegroom and bride respectively. The bride wore a white satin gown with veil caught up by pearl ornaments and carried a shower bouquet of white roses.

After the ceremony, a reception was held at the home of the bridegroom's parents, 42 Fletcher street. The couple will leave this afternoon on an extended trip to Atlantic City and Montreal, after which they

Could Not Gain Strength

Rock Island, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, run-down feeling. I was simply tired to death and could not gain strength after my baby came. After a couple of months of worry and overwork I took Lydia E. Pinkham's Vegetable Compound for a tonic as it had often been recommended to me by my friends. I am now able to do my own housework, laundering and sewing, besides taking care of three small children. You may use these facts as a testimonial if you wish."—Mrs. HAZEL CLARK EDWARDS, 411 5th Street, Rock Island, Illinois.

Allentown, Pa.—"After the birth of my girl I was all worn out, without a bit of strength. Nothing helped me until I began to take Lydia E. Pinkham's Vegetable Compound. Then I picked right up and got strength to do my work. Now with the boy I have no such trouble. I take your medicine right along and won't be without it. I recommended it to a friend of mine, a young girl. She couldn't eat, had no strength and had trouble every month. She is a big strong girl now, and still takes it."—Mrs. JOSEPH S. SMITH, 684 N. Law Street, Allentown, Pa.

Gave Both of Us Strength
Hoosick Falls, N. Y.—"When my girl was born I was a weak run-down woman and very nervous. My husband advised me to take Lydia E. Pinkham's Vegetable Compound and the Liver Pills and they put me right on my feet. I have just been recommending the Vegetable Compound to my daughter and it has helped her through childbirth. It has given us both health and strength, and if this letter will be of service you can use it anywhere you like."—Mrs. ELIZA MOON, 43 Classic Street, Hoosick Falls, N. Y.

DAY OF HONORS AND SORROW USHERED IN BENEATH A CLOUDLESS SKY

Hours Before Sad March From the White House to the Capitol Began Thousands Gathered Along Way to Pay Their Reverent Homage During Last Journey of Their Leader—Highest Military Honors Paid Fallen Commander-in-Chief

WASHINGTON, Aug. 8. (By the Associated Press.)—Day came to a city filled with the hushed stir of armed hosts moving to place before the White House that Warren G. Harding might have fitting escort as he went to the high honors that awaited him. The funeral train, freighted with the sorrow of the nation, reached Washington at 10:22 last night.

Rank on rank, the troops wheeled into place, facing eastward now to where the great, gray pile of the capitol loomed against the morning sky.

Soldiers in khaki, sailors in white, marines in blue, the long column lent a colorful gleam to a picture otherwise sombre save for the flags drooping at half-staff from the roofs above.

And all through the massed formation of the sister services of which this dead civilian was commander-in-chief, were the mourning bands on arm or sable hill, the black streamers falling from the stately flags they bore.

Military Honors
A simple, kindly gentleman lay dead; yet military honors were his right such as no general or admiral shall know, for he spoke in life with the voice of the whole people, commanding the people's army, the people's navy. And they moved gladly to obey that voice.

Long before the troops came marching to their places to wait with bayonets fixed until the sharp call or trumpet sent them moving eastward to lead this fallen comrade to his long rest, the people of Washington and all the cities about had trooped down to their humble places inside the steel strands that kept wide Pennsylvania avenue clear from end to end for the sorrowful spectacle. They came by thousands and tens of thousands to line the way with banks of silent, living tribute to the dead.

Among the barest heads were many touched now with gray that thus honored martyred McKinley as he was carried over the same way to the same honors and dignities that today awaited his fellow Ohioan. But to the young folk, who have known the wide thoroughfare only in its days of joy and triumph, this slow-moving parade of sorrow brought a sense of personal loss and depression. They saw the unknown carried westward through the great street to his matchless tomb, but there was triumph and the high impulse of loyalty to the flag in that pageant. There was little of human grief. The way of his death glorified the sacrifice.

It was different now, for here was a man whose name the dead had come to know, whose sturdy figure and kindly eyes were familiar to everyone here in Washington. It seemed but an hour ago he had ridden away, smiling, nodding gay farewells as he set out on his long journey to be greeted everywhere with the cheers and shouting of his fellow Americans. Now he was dead and the cheering and the shouting were over, suddenly, terribly over.

Body Arrived in Darkness

Not until last night, when under dimmed lamps and with half seen torches riding ahead through the silent streets, the casket was carried by to the White House from the funeral train, did full realization come to Washington of the sad day that had struck for the nation. Until then it was terrible, but far away. With that curious slowness of the thousands who waited so patiently through a day and a half a night to witness it, today's pomp and sorrow had new meaning.

Day of Honors and Sorrows

A day of honors and sorrows was ushered in beneath a cloudless sky, but with the hot haze of mid-summer almost obscuring the sun as it

mounted the east to look for the last time upon Warren Harding, among the scenes of his greatest labors. Now and then, however, as the crowds of watchers began to gather along the funeral way, a few close friends and relatives about her in her house of sorrow her determination to bear bravely through all the trying funeral hours—a determination which carried her three thousand miles through scenes of sorrow which never have been surpassed in the nation's history.

Mrs. Harding Breakfasts Alone

Shortly after she awoke and while the city was stirring itself in preparation for the great events of the day the widow of the great white mansion who had been so lately the first lady of the land, had her breakfast alone in her room on the second floor, across the hall from the bedroom which had belonged to him who now slept at the foot of the great stairway.

The morning sun, despite the haze that gave a touch of unreality to the funeral day, shined the great crystal chandeliers in the East room with a salvo of light and gave a new glory to the majesty amid which the dead president was sleeping his last sleep within the portals which had held for him so much of hope and promise.

Floral Tributes Hid Walls

With the dawn the tale of tribute told by the floral offerings that already hid the walls of the great room, was taken up again by others who desired to pay a meed of praise and gratitude to the kindly leadership of the sleeper. The first wreath to arrive this morning was from the scouting fleet—a great anchor of asters, white on blue. It was laid reverently among the offerings of princes and of barefoot boys banded about the casket in a great smothering profusion of beauty and fragrance.

Crowds Gathered Early

Two hours before the sad march from the White House to the capitol was to begin the crowds were gathering to pay homage during the last journey of their leader along the avenue where he had passed so many times before with the high light of unselfish endeavor in the eyes that now were closed forever.

Outside the capitol the watchers came earlier than elsewhere, in the vain hope that somehow some of them might find a way into the natural order of the simple funeral rites, but the little enclosure beneath the dome could hold only a handful of the many thousands, and the places of honor there had been reserved for the highest government and diplomatic officials and the friends who in life had stood closest to Mr. Harding.

Nation's Last Loving Farewell

As he would have desired, the core-

monials chosen to express the nation's last loving farewell were of the simplest. The pastor of his own church in Washington and the chairman of the house of representatives were the officiating ministers. The brief scripture reading selected included the verse he had kissed on his inauguration day, as with hand uplifted, he took his oath of duty and pressed his lips against the Bible that had been Washington's. It was the eighth verse of the sixth chapter of Micah:

"He hath showed thee, O man what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

To Pay Last Reverence

The thousands who could not be given places in the funeral hall were formed in line at a distance so that after the service they might file past the casket to pay their last reverence. As other thousands before them had paid similar tribute in the same chamber to Lincoln and McKinley and more recently to the unknown dead, they, before hand the long line, four abreast, began to form in the deep shadows of the capitol grounds. Profiting by the last lesson of the last funeral to a president, when many were injured in the crush of eagerness to pass in tribute to the coffin of McKinley, a wide space in front of the capitol itself was kept clear of all except those who had carrels of admission.

Casket Opened; Relatives Say Goodbye

Shortly after 9 o'clock the casket was opened as it lay among the flowers in the East room and the relatives and close friends said their tearful farewells to the dead. All the White House employees who had loved him for his kindly thoughtfulness and his strong heart, filed past with the others dim-eyed and inconsolable. He lay in his last sleep with an infinite peace in his smile, and with his hands folded over the body in a deep repose after the full years of his great labors.

After the relatives had passed through, all but Mrs. Harding, the senators and representatives selected as honorary pallbearers, filed by, while outside, the caisson that was to bear the body along the crowd-lined avenue of mourning had drawn up ready to receive its precious, sombre burden.

On the avenue across the velvet expanse of the White House lawn, the cavalry escort already was in line, facing toward the place where its dead commander-in-chief was resting before his departure for the capitol and for his final rest at Marion.

ACRE OF LAND FOR PRESIDENT'S BURIAL

LANCASTER, Ohio, Aug. 8.—By the death of Warren G. Harding, Calvin Coolidge comes into possession of an acre of land in this vicinity which he may use as a burial place for himself, if he so desires.

An acre of land owned by Nathaniel Wilson was bequeathed by Wilson 100 years ago to President Andrew Jackson as a burial place and to his successors in the presidency. No chief executive has ever availed himself of the privilege, however. Wilson died in 1836.

Many locust trees are within the enclosure and it is surrounded by a high octagonal fence. The place is known as "President's Acre" and is visited by many.

To Guard Vault

Major General Mellor of Fort Hayes, Columbus, directing him to detail an officer and from 20 to 25 men to guard the vault in which President Harding's body will be placed pending construction of a mausoleum, have been issued by the war department. Col. F. P. Lahn, personal representative of President Coolidge, announced last night.

The detail from Fort Hayes, Col. Lahn stated, would take over the guarding of the tomb as soon as state troops have been withdrawn from Marion, probably by next Monday. The federal guard will be maintained for six months, he said.

Here's President Calvin Coolidge beginning his life's biggest job. This photograph was taken at his desk in the temporary White House in his rooms at the Willard Hotel in Washington. You'll note the band of mourning he's wearing on his left arm.

Great Drama of Grief at Capitol

Continued

him had held that office, one so crippled in illness that he might not give himself as he would, to the sorrowful duty of the day. Behind these, in endless array, marched the great body of American citizenry and the men who keep the wheels of a great government moving in the huge silent buildings about.

Impressive Service in Capitol

Military bands, interspersed in the columns, played old, old hymns that stir and comfort. The hush and dim mystery of last night when the flag-draped casket came to its brief space of quiet in the White House was lacking. But there was no sound of mourning in the great crowds that lined the way until that fateful burden under its colorful, glorious hunting had been carried by on silent wheels to be lifted to the catafalque in the great stone chamber on the capitol rotunda.

There, in keeping with the simplicity of the man who lay dead, the funeral services were of brief, impressive nature. Afterward, in its place of honor beneath the dome, the body was to lie until midnight, while thousands upon thousands filed past the bier with bent, uncovered heads in his farewell to the upright, kindly man so soon to leave Washington forever.

Last Look at Beloved Dead

It was a few minutes after 10 o'clock when the great procession of sorrow swung out from the White House gates to begin its pilgrimage up the historic avenue where so many other long caravans of grief and of rejection, of regret and of triumph had preceded in years gone by.

Tenderly the president had been carried for the last time from the portals of the White House and placed in the caisson, the fatherly caisson that had borne him last night from the funeral train to the east room, to lie for a few hours amid the flowers that had been placed there in tribute by the potentates of the earth and by the plain people the fallen chieftain loved so well.

Wilson and Taft Participate

As the funeral hour approached, the casket was opened so that near relatives and friends might have their last look there in the east room at the features of their beloved dead, who lay with a peaceful smile in the repose of eternity.

Former President Wilson, himself broken by the cares of the chief magistracy, came to the great portico just before the hour of departure to take his place in the cortege at the invitation of President Coolidge. Chief Justice Taft, the only other living ex-president, also was waiting when the caisson, enshrouded in the Stars and Stripes like that of other soldiers who have made the supreme sacrifice in the service of their country, was lifted from its setting of flowers to be borne to its place amid another and perhaps a grander array of floral coloring and fragrance in the rotunda. President Coolidge, who enters thus with heavy heart upon the duties of the highest office in the land, arrived to take his place also just at the hour set for the departure.

Roll Tolls Doleful Lament

As the cortege was forming underneath the shadows of the great trees through which many presidents have looked out upon the world, some times in triumph and many times in sorrow, the bell of St. John's Episcopal church, across Lafayette square, known as the church of presidents, began tolling its doleful lament at the passing of a great heart into the galaxy of immortals.

Only as the procession started did it become known that Mrs. Harding had been with the body in the East room for half an hour at 1 o'clock this morning. She was alone at times and at other times attended by one or two relatives. But while officials were gathered at the funeral hour to take their places in the cortege she remained in her room, alone with her grief.

Before the casket as it was carried

down the steps, walked the two ministers who were selected to officiate later at the funeral in the rotunda. They walked side by side, Dr. A. Freeman Anderson, pastor of Mr. Harding's church here, and Dr. James Shera Montgomery, chaplain of the house of representatives. Then came the military and naval aides who had been near to the president at all the dramatic moments of his brief, full service as the first leader of his people.

Long Aisle of Grief

In Pennsylvania avenue the long silence that hitherto had been disturbed only by the changing of the guard, was broken by the strains of Chopin's funeral march, played by an army band. There was only a brief delay then until the last journey of Warren Harding along the historic thoroughfare had begun between the dense crowds of humanity that made a long aisle of grief from the very gates of the executive mansion to the towering capitol a mile away.

At the same time a bugle came to the portico and sounded shrilly the single note of the soldier's call to attention. The cavalry opposite on the avenue came to a sharp salute with their blades flashing in the sunlight. Then there was a flourish of the drums; just as the guns of Fort Meyer, across the silent Potomac, awoke the echoes with a salute to the departed comrade.

Mrs. Harding Pitiful Picture

Mrs. Harding came down the steps a moment later, heavily veiled, her frail figure making a pitiful picture amid the splendor and pomp of the great honors to which, by a full measure of devotion, she had helped and inspired her husband to achieve. On one side of her walked Secretary Christian and on the other, Brig. Gen. Charles B. Sawyer, her life-long friend in Marion and the president's physician.

Just before, within the East room, she had stood with these same friends and with the new president, the cabinet and members of the supreme court at a brief prayer service beside the bier. At the end, and just before the casket was taken to its martial funeral car outside, they had repeated the Lord's Prayer.

Before the little woman, fighting to remain calm in the shadow of her grief, had entered her car, all the other members of the funeral party had taken their places. She was handed up into the big automobile by Mr. Christian and as it started to roll away behind the caisson, the cars bearing President Coolidge, Chief Justice Taft and former President Wilson followed in turn.

"Onward Christian Soldiers"

The military escort which had been placed in the line of march ahead of the funeral caisson, previously had taken station on the avenue, winding around as far as the south entrance of the treasury. It moved off at the word of command, an army band ahead with its crepe-muffled drums playing "Onward, Christian Soldiers."

General Pershing's erect figure on the splendid mount commanded a reception in sorrowful contrast to the last time he had ridden up the broad avenue. On that day it was the victorious legion and receiving the plaudits that only the victor in war receives. Today he was engaged in the last of the pursuit of peace. The cheers were missing; the grim, solemn countenance of the general bespoke the mourning of the thousands who saw him pass.

Almost before the four black horses of the funeral caisson, previously led by the president's carriage had been given their word of command at the White House the head of the escort had reached the capitol where the plaza had been cleared of all but troops.

General Pershing dropped out of line at the plaza to take charge of the final disposition of the troops. Meanwhile the many civic and fraternal orders, that had been given places in the rear were just forming into line beside the White House.

"Rest in Peace" reads the card on this floral offering which Ambrose J. W. Higgins, Jr., five, of New York City, hands to John Trice, White House staff officer. It was written in the lad's own scrawl. It is just one of those little things that shows that Warren G. Harding lives in the hearts of children.

MARION FOLKS CONTINUE PLANS FOR FINAL SIMPLE FUNERAL SERVICES ON FRIDAY

Simplicity Approaching Severeness Will Characterize Last Rites in Accordance With Wish of Mrs. Harding—No Military Display—Body to Arrive Tomorrow From Washington—Will Be Taken to Home of Late President's Father to Lie in State Until Friday Afternoon

MARION, Ohio, Aug. 8.—(By the Associated Press.)—While the nation through its recognized leaders, was paying official respect to the memory of Warren G. Harding at Washington today, the late president's homefolks and neighbors continued their plans for the final simple funeral services here Friday afternoon.

Simplicity approaching severeness will characterize the last rites here. This is the wish of Mrs. Harding. There will be no military display and nothing of the official about the services here.

When the body arrives here about 9 a. m., central time, tomorrow from Washington, it will be taken immediately to the home of Dr. George T. Harding, Sr., the president's father, from 2 to 10 p. m., tomorrow, and again from 9 a. m. until 1 p. m., the following day. Ohioans will be given a last opportunity to view the face of their dead friend and leader.

Then on Friday afternoon, without military pomp, the body, the homefolks lay home from the house to the cemetery, where brief and simple funeral services, conducted by local ministers, will be held. First in the funeral procession following the hearse will come members of the Harding family; then the president of the United States, members of the cabinet and other high officials; and then Mr. Harding's friends and neighbors.

All invited to participate. Every one wishing to do so has been invited by direction of Mrs. Harding to take part in the funeral procession. It is Mrs. Harding's wish that those who know her husband best—the folks from Ohio—shall have a part in the funeral program.

Following the brief ceremonies at the cemetery the body of President Harding will be taken to the home of Dr. George T. Harding, Sr., where it will lie in state until Friday morning. The only reminder that the body of a president of the United States lies entombed in Marion, will be the military guard which will be maintained at the tomb for the customary six months period.

The simple funeral services here promises to be participated in by thousands of Mr. Harding's friends from all over Ohio. Marion is full to overflowing today, in anticipation of Friday's funeral, and thousands are planning to arrive tomorrow and Friday mornings.

So great will be the crowd that state officials have arranged to patrol all roads for miles leading into Marion, in an effort to prevent automobile accidents. Many special trains will bring large delegations of Ohioans while nearly every city of any size in

NEW YORK, Aug. 8.—The Giants won the fifth game of their series in Cincinnati yesterday, despite a fierce attack by Luque, the Reds' Cuban pitcher, who rushed across the field in the eighth inning and batted a base hit off Stengel's head, which the giant outfielder identified his pitching efforts. There was intense excitement for a time as fans and players ran to the scene of the scrimmage, and Luque, who had been led away once, returned with a fiery look, and a bat grasped in both hands. He was led away again and the crowd finally dispersed. The Giants won, 6 to 2, and left for St. Louis with a lead of seven and one-half games.

In Pittsburgh the Phillies continued their winning streak by defeating the Pirates, 7 to 2, and making it three out of four for their series there. Williams made a homer.

VICTORY FOR THE ABBOT GARDNER BROTHERS HERE WORSTED TEAM

George and Jimmy, Former Noted Boxers, Pay Flying Visit to Lowell

The Abbot Gardner team got back into the winning column at Graniteville last night, when they defeated the local team, 10 to 2. The Abbot Gardner team, who formerly lived in Lowell and who brought great fame to the city by their notable ring successes, paid a flying visit to the City of Spindlers last night to call on old friends and acquaintances here. They were cordially received everywhere. Both are enjoying good health and are in the present line of endeavor.

George is engaged in the real estate business in Chicago, where he has a large office. He has handled a number of large transactions and is regarded as one of the most successful dealers in the big western city.

Jimmy is still in the east. He and his brother-in-law, Joe Thomas, also well and favorably known in Lowell, are in business at Revere beach. They are proprietors and managers of the Bayview Inn and Tea Room, opposite Oak Island station, which is one of the most popular establishments of its kind on the beach.

The visitors were obliged to hurry back, but they both asked The Sun to send their greetings to all their Lowell friends.

PURE GRIT CARRIED SULLIVAN THROUGH TO VICTORY

Lost 20 Pounds, But Picked Up 1000 English Ones—Stuck to Task Despite Illness, Turbulent Waters and Whims of the Tide

DOVER, Eng., Aug. 8.—(By the Associated Press.) Genial Henry F. Sullivan of Lowell, Mass., who Monday conquered Neptune by swimming across the turbulent English channel from Dover to Calais, was still a tired man last night and sought his bed early in order to gain a much needed rest.

While all of Dover was talking of his conquest—an achievement which only two men before him had the grit and stamina to win—Sullivan was sound asleep in his simple home in the outskirts of Dover, where he has lived each time he has crossed the channel to seek fame by swimming the channel.

In his long flight of 27 hours, 25 minutes with the cold and choppy waters that divide the British Isles from the continent, Sullivan lost 20 American pounds, but picked up 1000 English pounds. The pounds he lost were not negotiable as they consisted of fat and muscle, but those he gained are legal tender.

They were given to him as a prize by the Daily Sketch, a London newspaper, of which the pure swimmer was the first man who duplicated the feat of Captain Matthew Webb, who swam the channel in 1875.

Although Sullivan lost 20 pounds, he still has more than 200 pounds left.

SULLIVAN ALSO WINS BIG CUP

LONDON, Aug. 8.—The Daily Sketch says today that in addition to its 1000 pounds prize, Henry F. Sullivan won the silver cup offered by Adolph Alexander, president of the Channel Swimming Club, as an added trophy for his feat in swimming the English channel last Monday. The cup is a fine trophy, three feet in height and containing 875 ounces of silver.

A Houlogne dispatch says that Georges Michel, the French swimmer, proposes to try the channel feat today. He was bitterly disappointed when he learned that Sullivan had forestalled him.

CITY TWILIGHT LEAGUE DISCUSS PLAYGROUND TRACK MEET PLANS

Meeting to Be Held This Evening—Bellevues Meet Independents Tomorrow

A meeting of the CITY TWILIGHT LEAGUE will be held tonight at 8 o'clock when matters of considerable importance are to be discussed. It is expected that the managers of all teams in the league will be on hand.

The league is now in its fourth week and going strong. The present race is a pretty one, with all teams still having a chance to win the title. The league has three more weeks to go, with three regularly scheduled games next week and the following week and one listed for the final week, one postponed game between the Bellevues and the Lincoln, is to be played off. This will come next Tuesday night.

Bellevues plan to use "Bing" Conlon on the mound tomorrow night, with Trask and Lawton on the infield. The Independents will meet on the common, the game to start at 6 o'clock. It is the intention of the league officials to get the season started from now on at 6 o'clock, in the hope that the early getway will permit the playing of the regulation twilight contest, seven innings.

FIRPO TO BOX DOWNEY TONIGHT

INDIANAPOLIS, Ind., Aug. 8.—Louis Agard Firpo, tonight will exhibit to Indianapolis boxing fans the punches with which he hopes to wrest the world's championship from Jack Dempsey on Sept. 14. Joe Downey, Cincinnati, will be his opponent in a scheduled 10 round contest.

Considerable interest has been aroused over tonight's bout inasmuch as Firpo failed last week to stop Homer Smith in 10 rounds. Downey, on the other hand, claims a one round knockout over Smith.

Firpo's handlers said he would enter the ring weighing 214 pounds. Downey, it was stated, will weigh 210 pounds.

CARL FISCHER MEETS HOWARD KINSEY

SOUTHAMPTON, N. Y., Aug. 8.—Carl Fischer of Philadelphia, who provided an upset yesterday by defeating Robert Kinsey of New York in the Meadowbrook tennis tournament, will meet Howard Kinsey, eighth ranked national player in the fourth round today.

Carl's brother, Arthur, of San Francisco, will play Manuel Alonso, the Spanish star, Victor Rodriguez, winner of the tournament, will meet here. Howard Kinsey of New York, for an opponent, and John A. Norton of South Africa and Clarence E. Hunter of New Rochelle, N. Y., are principals in the other match.

TO CLOSE CHURCH

The church closing will be held at 8 o'clock in the late President Warren Hall, this night.

FITCHBURG TEAM DEFEATS LOWELL

The league-leading Fitchburg outfit edged out the Lowell team last night, 4 to 2, in a game that was a real battle. Fitchburg played a splendid game, hitting the Lowell team in the first five innings. Lowell, however, was able to hold on to the lead in the sixth and seventh innings.

Lowell's only hit was a single by Murphy in the first inning. Fitchburg's offense was led by Trask, who hit a home run in the first inning, and by Lawton, who hit a home run in the second inning. Fitchburg's pitcher, Conlon, was in excellent control, allowing only two hits in the first five innings.

Lowell's pitcher, Trask, was also in good control, allowing only two hits in the last three innings. The game was a real battle, with both teams playing hard.

NOTES OF THE GAME

Trask, brought in from left field, played a rattling game on the hot corner as a substitute for Fallon, who was injured in a recent game.

The Brooklyn Royal Giants, a colored organization, will oppose the Abbot Gardner team tomorrow night.

Tomich, the Abbot team in scheduled to play at Ware.

Clay Henshew is hitting the ball just as hard as when he was with the Red Sox. His triple and home run clout last night were dashes.

Murphy was kept rather busy around second base. He had in chances and hits, and he played a fast double play.

Low had the distinction of getting two hits in the third inning. He started the batting rally with a single and, when he came in the second time he homered one over second.

Davidson filled his position nicely. In the fourth he speared a ball one from Henshew, who is a bare hand, and got the runner at first.

King, who played in the middle garden for the visitors, once got a try-out in the big league.

Crawford has been going great guns in Philadelphia and New York this season, meeting all the leading featherweights in the world with great success. Only three weeks ago Mandell fought Denny Kramer a sensational fight-round draw.

AUSTIN AGAIN BROWNS' MANAGER

ST. LOUIS, August 8.—When the St. Louis Americans take the field against the Yankees at New York this afternoon, they will be piloted by a new manager, the veteran Jimmy Austin, appointed leader yesterday after the release of Lou A. Kohl, who had been with the team since 1920.

This is Austin's second term as pilot of the Browns. He directed the team in 1913, after the release of George Stallard. Austin is expected to revive the winning spirit of the 1922 Browns, who came within one game of the American league pennant.

Kohl was released yesterday by order of Philip De Catesby Ball, principal owner of the team, who, it is understood, has been dissatisfied with the showing made this year by the Browns. It had been rumored, however, that a change of management was not to be made until the team returned from its present road trip.

George Sizer, the team's star first baseman, it is believed, will be the next manager of the Browns, but it is understood he informed Mr. Ball that he would not accept the management until his eyelight had been restored completely. An optic ailment has kept Sizer out of the game all this season.

Austin has been carried by the team as a utility player.

According to information received by the Globe-Democrat, Kohl admitted he was notified of his release after yesterday's game. He is quoted as having said that his future plans were not made.

It is believed Kohl in 1924 will be at the helm of the Boston Americans, of which Bob Quinn, formerly business manager of the Browns, is the president.

POZZLING PLAYS

There is a freak sequence play. The sequence is put on a water bonus. A new type of water bonus. The runner on third, off with the pitch, slides across the plate while the ball is in the air. He gets to his feet and stays for the bunt.

The catcher believes the ball will be caught and yells for the runner who crossed the plate to come back to third. The manager changes his course from the bench back to third.

The ball falls safe, the third baseman not being able to make the catch. However, he picks up the ball and punches off the runner who is about ten feet from third base.

Does the run count or was the runner out?

The interpretation.

It was felt the run counted. The controversy was made that the moment the runner on third touched the plate, he actually scored a run. Since the ball was not caught, he was not out. The runner on first became his base the moment he touched it, and he thereby legally scored a run as he touched the plate.

CATCHERS BALK

Unusual Play in Ball Game at New Orleans

NEW ORLEANS, Aug. 8.—An unusual play in baseball, a catcher's balk, occurred in the game yesterday between Larry Rock and New Orleans. In the second inning, with Gould pitching and Keldering, New Orleans had one out.

Nitzze wanted the pitcher out and drew the count to three balls and two strikes. When Gould started to pitch to the batter, the three base runners moved simultaneously. Tucker was almost home when the ball reached the plate. Neldering stepped in front of the plate and out of the throw, tripping Tucker. Tucker scored and Nitzze went to first.

BROWN TO BOX MANDELL IN NASHUA

NASHUA, N. H., Aug. 8.—Newport John Brown will box Joe Mandell, the boxer Philadelphia featherweight, in the feature 10-round bout at the Nashua boxing club on August 29.

Johnson appeared in this section and showed excellent form. The aggressive style of making made a big hit, with the boxing fans. The bout of the Nashua boxing club, should give Mandell an interesting fight.

The greater city entry for the featherweight.

AMATEUR BASEBALL

St. Peter's Cadets and the Princeton A. A. will play tonight at 6 o'clock on the South common. The following Cadets are ordered to report: Carl Scully, Henry Crown, Reagan, Gibbons, Barron, Welch, Natio and Onanlan.

The Ramblers Seconds will play the Young Indians on the South common tonight at 6 o'clock. The Seconds regret that they will be forced to cancel their scheduled game with the Baker All Stars, as the Ramblers' lineup is on that date. Manager Baker is requested to call 2755-X and ask for John.

Next Sunday afternoon a battle royal is expected when the Butler A. A. meets their old rivals, the Ramblers, in the rubber game of the series. The Butlers will have Tom Carter in the box with Rynne catching, and the Ramblers will use either Noylan or Joyal on the mound.

WHY DRAPPE HANDLES

"Well I can stick it out and go in with the tide," declared Sullivan, who spends his time out of the water as a clerk in a Boston shoe store.

By the time the tide turned, Sullivan was eight miles down the coast from Calais and three miles off shore. With his goal again in sight, he sprang up his stroke and, aided by the tide, covered this distance in four hours.

In describing his experiences yesterday, Sullivan left the impression that it is his belief that in such a swim as he made the last 24 hours are the hardest. Everything was lovely for the first three hours; the tide was favorable and he swam smoothly, but just about the time he finished his little meal of five miles out from shore, the breezes began to whip up the water.

Throughout the night small but irritating waves in the channel kept slapping him in the face. These minor movements of the sea, Sullivan declared, proved much more troublesome than the larger waves.

His worst trouble, however, was to

POSITIVELY THEIR LAST APPEARANCE

The crack colored team of Philadelphia, the Giants, will make their last appearance in this section tonight when they meet the Silesia team at Silesia park in North Chelmsford. Rubie Brown will probably pitch for the Silesia team.

The Giants have been touring New England for the past eight weeks and have won a majority of their games, and they are anxious to make their last game in this section a victory. The game will start at 8:15 o'clock.

Next Sunday the Pers Marquette team of Boston will play at Silesia park. These two teams went to a tie in Boston two weeks ago.

Jack Daw's Adventures. Chapter 21

"Why, it's only a chest full of fishermen's hooks," exclaimed Jack. "What good are those?" "No good at all," replied the water-mite. "In fact, they are more harm than good, for if you take them out of the sea they will be used to catch the fish that live down here in the water."

While Jack and Flip and the water-mite were working away with the treasure chest the seaweed had been carried closer and closer together by the waves until now it was getting dark. Jack then asked the water-mite if there was any way to have light while he buried the chest.

"You see," said Jack, "I don't want these hooks to ever be used to catch any of the fish that have been so kind to me. So I'm going to bury this treasure chest so no one will ever find it." "That's a good idea," said the water-mite. And he summoned a lot of sunfish. (Continued.)

ADVENTURES OF THE TWINS

DOWN WENT THE WIZARD LIKE A RIFE APPLE. Nancy and Nick and Mister Sky Bow. And that's just what happened. And slipped on a lot of banana skins the Crody Latch couldn't follow, as turtles had old wizard threw down and things move so slowly.

Then the Twins and Mister Sky Bow took the magic stick and made every body happy again.

The Gloom became thinner at once and grained happily.

But the best part was when they went back to Rainbow Land. It was a scene of the wand that made the Nooks and Crannies and Hummies and Whistles and everybody happy again.

And when the wand was turned to a tooth for you, when the Fairy Queen turned him into a good fairy instead of a bad one.

THE OLD HOME TOWN

LOWELL MARINE IN CUBA WILL ATTEND MEETING IN PHILADELPHIA

Joseph Henry Gosselin
Assigned to Naval Station
at Guantanamo

WASHINGTON, Aug. 8.—Among the U. S. marines who were recently assigned to duty at the naval station, Guantanamo, Cuba, is Joseph Henry Gosselin, son of Albion Gosselin, 71 Watson avenue, Lowell, Mass., according to the official records of the marine corps. He will probably remain in the West Indies for a year or longer before returning to the United States. Guantanamo is a naval base for the Atlantic fleet at the eastern end of Cuba, close to Santiago, where the famous battle was fought in 1898 that resulted in the destruction of the Spanish fleet. It has one of the finest rifle ranges in the world, and crews of various battleships frequently come ashore for target practice. The waters of Guantanamo bay abound with big fish, and boating and swimming are enjoyed by the marines every month of the year.

Gosselin is 23 years old and was born in Lowell. He joined the marine corps at Kansas City, Mo., last May and for several weeks was stationed at Harris Island, S. V. He recently embarked on a naval vessel for service in Cuba.

NO WORD FROM MISSING LOWELL GIRL

No trace as to the whereabouts of Mary S. De Silva, the 14-year-old girl who left home two weeks ago, after being unable to secure a position in a local mill, has been found. Her parents, until two weeks ago, had been successful in detaining Mary from the idea of going to work, but she was so persistent and so anxious to go to work that her parents at last permitted her to get a working card. This she did, and on Monday morning two weeks ago she went to one of the local mills.

MARY S. DE SILVA

accompanied by her father. After leaving her with another girl, her father returned to the weave room where he is employed. Mary was unable to secure work, returned home, placed a few necessary articles of clothing in a shopping bag, and left her home without further information concerning herself or her intentions. Her mother, believing she was going to work did not notice her.

Miss De Silva is the daughter of Mr. and Mrs. Bartholomew De Silva of 4 Hazeltine street. At the time of her departure she wore a blue hat, brown coat and blue dress. She has a birthmark on her lip. Her parents will be grateful to anyone who can furnish information regarding her whereabouts.

Raise Funds to Defray Expenses

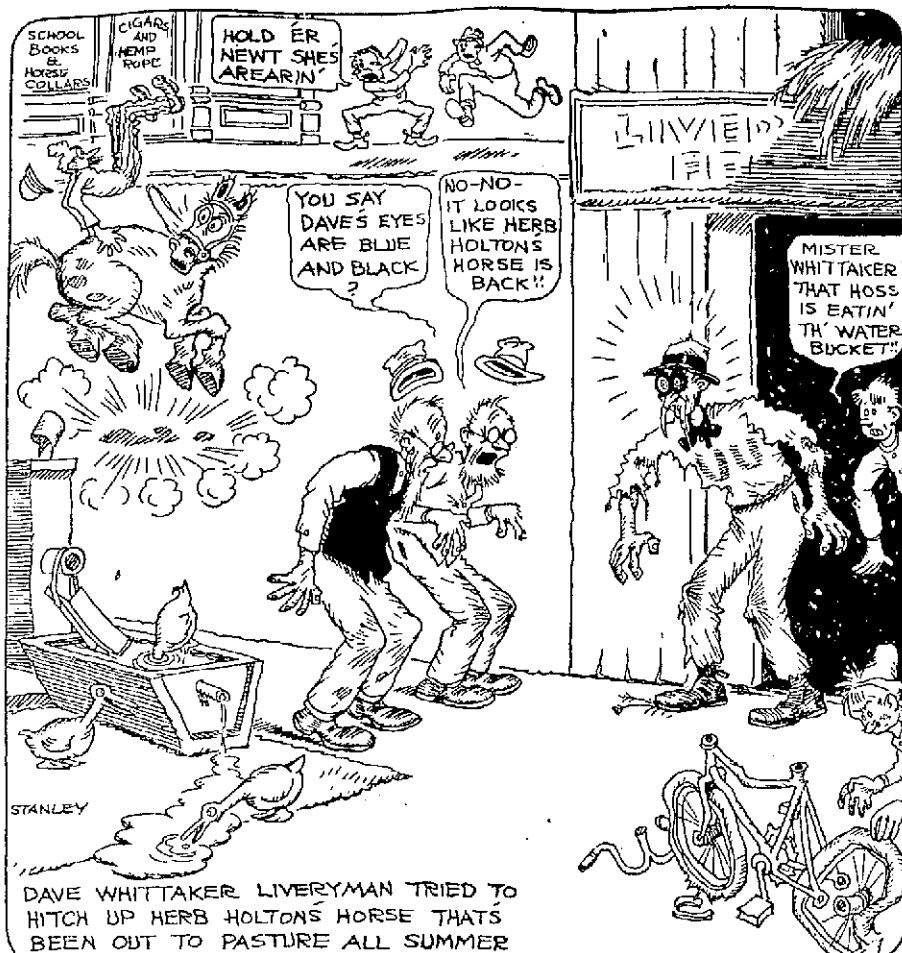

Continued
old, men, women and children, as an example of what can be done by everlastingly keeping at it. School children would be impressed more by the moral if the example of Sullivan attempting the channel swim six times and succeeding on the seventh were clearly and dramatically told to them. The telegram which he sent to his wife was very brief, nothing more than "I won. Come at once," but it marked the completion of a life ambition, the expenditure of unlimited energy and money. A very pleasant method of recognizing this remarkable event and Sullivan's prowess in the water would be for chamber of commerce members and any others who so desire, to contribute toward the expense of the transatlantic voyage of Mrs. Sullivan and her daughter for a joyful meeting in England.

One of the chamber of commerce members who made the suggestion has started off the fund with \$50 and contributions from other members are expected to come quickly and in generous amounts. Those desiring to contribute to this fund should send or deliver cash to the chamber of commerce office, or make checks payable to the chamber of commerce, and mail them to 302-308 Fairburn building.

two new tubular boilers at the West Sixth street pumping station.

At the outset the report states that in order to install the boilers in a modern manner so as to obtain a maximum in economy, the building itself will have to be enlarged to provide for them. The report calls for a widening of 15 ft. on the side opposite the Sixth street face wall, carrying out practically the same type of architecture as the main structure. The boilers will be so installed as to make use of the existing stack with a small extension of flue and the boilers will be further so installed

WASHINGTON, Aug. 8.—(By the Associated Press)—A swelling tide of honors bore Warren Harding today back over the road by which he came, triumphant, to the presidency two crowded years ago.

For him the urge of ambition ended, the compelling call of duty lulled in death. Amid the tens of thousands of his silent countrymen grouped along the way, he passed in such state as only the great dead of the nation may know. And beyond the brief hour of the ceremony of sorrow there awaited for him rest eternal on the soil that gave him birth.

Down the wide avenue he was carried today with marching legions tramping ahead to lay him under the dome of the capitol a while ere he goes back to his native state to stay forever. That high resolve of duty had brought him death and with it the peace and quiet he loved, but which he could set aside at the nation's call.

Pershing Heads Procession

Military bands, interspersed in the columns, played old, old hymns that stir and comfort. The hush and dim mystery of last night when the draped casket came to its brief space of quiet in the White House was lacking. But there was no sound of movement in the great crowds that lined the way until that fateful burden un-

LADDIE BOY SAYS LAST GOOD-BYE TO MASTER

WASHINGTON, Aug. 8.—(By the Associated Press)—Laddie Boy said his last good-bye to his master in the east room of the White House this morning, and there may be some hard hearts who will say that a dog couldn't know, but it seemed to those about him as if he did.

Mrs. Harding, who loves Laddie Boy no less than her husband did, told the attendant whose special charge the pup has been, to take him in the east room for a moment because he seemed to want to go.

Alertly, he sniffed the heavy air, freighted with the fragrance of funeral blooms, walked solemnly around the bier lying under the great crystal chandelier, and poked his nose in the flowers, as if looking for the master he knew was there out couldn't see, and then turned brown eyes on the White House attaches with an inquiring look which was too much for them to endure without their own eyes turning misty.

Laddie Boy knew his master was back in the house, but he seemed to sense that for some reason he couldn't find him, and like a good dog, he concluded there was nothing to do but go back to his private spot and wait faithfully to the end.

There will be a meeting of Lowell Council, Knights of Columbus, Thursday evening, Aug. 9, at 8 o'clock. Report of outing committee.

LOCAL MEN FORM BRANCH OF LIONS CLUB

A chapter of the International Association of Lions club was formed in Lowell today, when a group of business and professional men met at Cole's luncheon and elected Charles A. Bartlett of Adams & Co. as president, and J. Victor Carey, vice president of the Simpson & Lowell Co. as secretary.

The chapter was officially welcomed to the city by George E. Wells, secretary manager of the chamber of commerce. The chapter was effected under the direction of George Wood, organizer, who has spent considerable time in Lowell during the past few weeks.

Lions clubs are non-political, non-

sectarian organizations composed of representative business and professional men who feel an interest in the welfare and progress of their city and community. There are chapters in hundreds of cities throughout the country and also in Canada.

As the chapter grows here, other officers will be chosen and a well-knit organization perfected.

NO ACTION BY COUNCIL ON MAYOR'S BUDGET—SALARIES FOR ELECTION BOARD

The city council met in special session last night for the express purpose of acting upon a supplemental budget prepared by the mayor for the aid of several departments and totaling \$90,364, but the budget passed by with hardly a comment, to be taken up at another special meeting, next Monday night. In the meantime it will remain within the council committee on finance and bonds.

The council finally passed an ordinance establishing salaries of members of the election commission at \$2000 per year, effective on date of passage, instead of being retroactive as called for in a previous ordinance rejected at the last meeting.

Resolutions were passed recognizing the feat of Henry F. Sullivan in mastering the waters of the English channel in his dives to Calais swim and it was the hope of the council that at a proper time the city should lay plans for his reception.

The council and others in the chamber stood for one minute in deep silence out of respect for the late president.

Meeting in Detail

When the meeting was called to order at 5:30 o'clock, Councilors McFadden, Chadwick, Genest, McFadden, Cosgrove, Moriarty, Stearns, Fitzgerald and Gallagher were present. Councilors Chestnut, Sadler and Hennessy came in later.

For 20 minutes the council considered and disposed of routine petitions which had accumulated since the last regular meeting.

A report was received from the board of public service, stating it will cost about \$2500 to reconstruct the cross-over tracks in front of the Y.M.C.A. to eliminate the present inconvenient and dangerous curve into Putnam street and adding the board has no

distance before it, the council then passed the amendment as received from the solicitor.

The council received from the office of the mayor his order for a supplemental budget in the amount of \$90,364.31 to allow certain departments to operate for the balance of the year without a deficit. Accompanying the order was an explanatory communication which was read and ordered placed on file.

The order of appropriation called for the transfer of \$28,582 from the state aid appropriation to general treasury fund.

Councilor Sadler moved the order be referred to the finance committee and it was so voted.

Councilor Fitzgerald spoke of the state budget conference upon the city and county budget, in accomplishing the task of swimming the English channel, and felt the city should set aside an appropriation of \$2000 to be used to finance a proper reception for him on his return to his native city.

Resolution Presented

Standing along the same line, Councilor McFadden offered a set of resolutions, expressing to Mr. Sullivan the council's congratulations and appreciation of his accomplishment. The resolutions were introduced upon the character of the swimmer and presented by the swimmer and seconded by the council. By a nearly unanimous vote the council passed the resolutions, a copy of which will be forwarded to Henry F. Sullivan.

Councilor Fitzgerald's suggestion that the city clerk be authorized to issue a permit for the Eastern Massachusetts street railway Co. of two days' vacation in or near Kearney square, which might be available for walking purposes, was passed.

Councilor Stearns moved that the council as a body take a view of the city and county budget, under the direction of the board of public service, the council reviewed action of a previous meeting which had rejected the original ordinance. With the aid of

all will be the public service board, the mayor and Charles O. Stickey, who, Mr. Stearns said, has evinced much interest in street building for many years. The council's action prevailed, and adjournment followed at 10:15 o'clock.

WHITFIELD LEADS IN MISSISSIPPI PRIMARY

JACKSON, Miss., Aug. 8.—With approximately one-fifth of the vote cast in yesterday's democratic primary for governor and other state offices, tabulated early today, Henry L. Whitfield, of Columbus, former president of the Mississippi state college for women, was leading his four opponents for the gubernatorial nomination by a wide margin, but indications were that a second primary would be necessary.

Samuel "Mike" Conner of Seminary, speaker of the house of representatives and former governor Theodore G. Bilbo, of Poplarville, who announced his candidacy late in the campaign while serving a sentence in jail at Oxford for contempt of federal court, were running neck and neck for second place.

MARJORIE RAMBEAU SUES FOR DIVORCE

SAN FRANCISCO, Aug. 8.—Marjorie Rambeau, the actress, filed suit for divorce yesterday against Hugh Dillman, actor. The complaint charged that Dillman had struck his wife on several occasions, that he failed to contribute to her support for nearly a year, although he earns approximately \$1600 per month, and that he deserted his wife in April, 1922. Dillman's real name is Hugh Dillman McGahey. They were married in New York about three years ago. Prior to her marriage to Dillman, Miss Rambeau was the wife of Willard Mack, playwright and dramatist, from whom she was divorced in 1917.

Files Charge Against Cabinet Manager

PARIS, Aug. 8.—Prince Ilijo Tavalon Honenou, nephew of King Behanzin of Dahomey, has filed a charge of assault and battery against the manager of a Mont Martre night cabaret, alleging that he and a negro friend had been expelled from the establishment because some of the customers objected to the presence of negroes. The prince, who is a member of the appeal court bar, contends that despite his protest he and his friend were thrown into the street where the police gathered them up and took them to the stationhouse. They were allowed to go after their names and addresses had been taken.

AM COMPLETELY RELIEVED, SAYS MR. JONES

Pains in Limbs and Back Disappear on Taking Drecto—Feels Stronger

Day after day people are speaking in praise of Drecto in such open, frank words that no one can doubt their sincerity. Persons who have given it a fair trial claim it has strengthened a weak digestion, roused a lazy liver, banished constipation, restored deranged kidneys, and overcome rheumatism. Read the recent statement of Mr. Frederick L. Jones of Collinsville, near Lowell, Mass. He says: "I hated to get up in the morning, knowing full well that I had a day of suffering before me. I could not move without pains shooting through my back and limbs. And when it rained my rheumatism was so bad that I wanted to yell from the pain. 'My inactivity put my liver in a sluggish condition. Looked pale and sickly. I felt tired and weary. My

system was run-down and weak. Nothing that I took did me a bit of good.

"I heard of Drecto and decided to try it. It was the luckiest day of my life. This wonderful remedy completely relieved me of my troubles. All trace of my rheumatism has disappeared. I am stronger and that tired feeling has gone. And my liver working properly has cleared the poison from my system. I hope that everyone suffering from my trouble will benefit by taking this wonderful medicine."

Everywhere you go these days you find someone praising Drecto, for the great amount of good it has done in cases of stomach trouble, sluggish liver, weak kidneys, constipation, catarrh, rheumatism and as a blood builder and reconstructive tonic.

Call today at Green's Drug Store and ask to talk with the expert from the Drecto Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Drecto will benefit you. Also Drecto is sold in Nashua by Nashua Drug Co., 175 Main St.—Adv.

LOWELL YOUNG MAN BACK FROM CUBA

Theodore Cassinas, a well known young man who is connected with many local Greek activities, returned yesterday after a month's trip to Cuba. Mr. Cassinas left on the steamer San Blas of the United Fruit company, making his first stop at Havana. He later went to Port Luperon, Costa Rica, where, he says, he made him feel right at home, for the little dorkies out there sit on large bunches of bananas, singing "Yes, We Have No Bananas." They also delight in trying to imitate Charles Chaplin and Harold Lloyd.

His next port was Kingston, Jamaica. Here, he says, the traffic officers are a sight well worth the seeing. Their uniforms made quite a contrast with their complexion, as the officers are all natives. The uniforms consist of a white helmet, white coat, with silver buttons, black belt, silver buckle, and blue trousers with red stripes. The officers are quite proud of their uniforms and think it a great honor to be so bedecked. The natives here live chiefly on fruit and the women and girls do most of the work. The steamer also stopped at Port Antonio and Maria Jamaica, where they loaded for their homeward journey. The boat's cargo consisted of 41,448 bunches of bananas, 2579 bags of coffee, 250 bags of cotton, 192 crates of pineapples, 200 crates of coconuts and a miscellaneous assortment of fruit, tobacco, sugar, honey and spices.

LOWELL DISTRICT COURT

Man Originally Held in \$25,000 is Continued Again—Other Cases

The case of Paul F. Butler, charged with operating an auto without a license and also carrying a revolver without a permit, was further continued in district court this morning for two weeks, as State Officer Thompson, who made the arrest, is now confined to a hospital as a result of a slight accident.

Butler was arrested early last Wednesday morning in Tewksbury and he was closely questioned as to any knowledge he might have of the murder of Officer Arthur J. Fowler of Methuen. Last Wednesday morning he was arraigned in court and at the request of the police, bail of \$25,000 was ordered.

On the following day, however, his bail was reduced to \$500, as the police officials were then satisfied that Butler was in no way connected with the murder.

John McBride was found guilty of operating an automobile while under the influence of liquor and a fine of \$100 was imposed. He was arrested on Merrimack street by Officer Aldrich and testimony was also offered by Capt. David Byrne. William F. Kane was fined \$100 on a charge of illegally selling liquor, but a complaint charging him

with illegal keeping was dismissed, same, the difference being less than \$100 on a total cost of \$20,000, it was necessary to consider other elements entering into the matter in arriving at my decision. These were: The production, capacity and efficiency of each firm, the operation cost to the city of Lowell, and the desire, combined with the best interests of the city, to foster local business interests, where conditions were found to be equally favorable to each concern.

I find, from figures obtained from the board of public service, that the operation cost last year in the laying of 3,000 square yards of asphaltic concrete and \$74.45 square yards of sheet asphalt, work done by Simpson Bros., was \$321.95, while this year, the Nashoba Construction Co., laid \$261.85 square yards of asphaltic concrete and 2194 square yards of sheet asphalt, at an operation cost to the city of but \$129.30.

Donnelly Awards Contract

Continued

that have caused more or less controversial discussion within municipal circles during the past week or so, especially because the first contract for asphalt materials this year was not awarded until after many conferences and hearings, although finally going to the Nashoba Co., against the expectation of the lower operation cost to the city of \$25,000. It is plain to everyone that these figures that any difference in the bids is more than offset by the operation cost to the city.

The chairman of the board of public service stated that the Nashoba company was doing very satisfactory work, and also that it is of material advantage to the city to have an organization equipped and ready to start operations immediately as is the Nashoba Construction company.

The Nashoba Construction company is a Lowell company and I feel that it is a local business, and with sound business principles, and with all things being equal, in favor of a Lowell concern or individuals in the distribution of

the city's business.

GAVE ILLUSTRATED

LECTURE ON JAPAN

An interesting illustrated lecture on "Japan of Beauty and Mystery" was given in Colonial hall, Middle street, last evening by Peter MacQueen, fellow of the Royal Geographical Society of London, who has been travelling through foreign countries the world over for the past 20 years. The proceeds

being given to the Children's home fund. Although his talk was about Japan, its people and their customs, which are tending towards American ways and ideas, he dealt to some extent with the intricacies developed in the death of President Harding. Relative to Japan he says that it is one of the countries which illustrate the necessity of proper understanding. The Japanese today, he says, can boast of the best ordered government in the Orient. "What is clearly in the wrong," he

said, "and Japan is just as clearly in the right in all the discussions which have taken place about the far east during the past few years. When Japan met a clear-headed man like Harding, her statesmen made every effort for sanity and good will in the politics of the Pacific." Mr. MacQueen also laid great stress on the value of the United States fostering peace and friendship in the far east. Illustrating his lecture with beautifully colored slides of the great mountain Fujiyama in Japan and other places of historical interest, Mr. MacQueen closed his talk with the following hopeful words: "As I looked for the last time on the melting snows of Japan's sacred mountain, I felt as I had never felt before that just as the great white mountains rise from the level plains of life, so high above human creeds and

racism, above the blood-stained pathway of mankind to progress, stands that everlasting power, that makes great men and good men in every age and every nation and every year brings the nations into kinder manners and into purer laws."

STRUCK BY AUTO;
HIP FRACTURED

William Tsaffaras, aged 5 years, son of Patroclous and Mrs. Peter Tsaffaras of 22 Varney street, is suffering from a fractured hip sustained Sunday, when he was struck by an automobile in Merrimack street. The automobile was being operated by a resident of Woburn and the accident occurred at a point

in front of the Royal theatre. The little fellow received treatment at the Lowell General hospital and later was taken to the home of his parents.

SURPRISE PARTY

Miss Anna Garrity was agreeably surprised last evening when forty of her friends called on her and presented her a beautiful silver mesh bag. Although surprised, Miss Garrity found time to write to thank her many friends. A musical program was given, including a piano selection by Mr. William Garrity and songs by Miss Mary Sullivan and Miss Helen Douglas and Miss Helen Douglas. Refreshments were served by Mrs. Garrity, Irene Sullivan, Mrs. Roberts and Miss A. Boyle.

WILL HOLD BARY CLINIC

Bary clinics will be held on Thursday from 2 to 5 p. m. at the Polish parochial school on High street. A doctor and nurses will be in attendance.

FINANCE AND BONDS

COMMITTEE MEETING

A meeting of the finance and bonds committee of the city council, President James J. Gallagher, chairman, has been called for Thursday evening at 7:30 o'clock, to discuss the supplemental budget submitted to the council by the mayor and which was referred to the committee by that body, last night. The committee will frame a report for presentation to the council at the meeting to be held next Monday night.

RUTH WHITTY HAS
RETURNED HOME

Miss Ruth Whitty, the young girl who was injured in jumping from

the automobile operated by the still mysterious "Maurice" and "Nap," and who was confined to St. John's hospital, returned to her home yesterday. Although the Lowell police have given up their search for the offenders, the Billerica authorities are still investigating.

Harding, and not to open for business until 6 p. m. The theatres represented at the meeting were the Strand, Merrimack Square, Blaine, Royal and Crown.

Suspect Incendiarism at Devens

CAMP DEVENS, Aug. 8.—The latest of a series of small fires at Camp Devens caused slight damage early today to an unoccupied barracks and led the camp authorities to suspect incendiarism. Members of the New Hampshire National Guard answered the fire call, saved some small arms and a number of motorcycles and trucks and assisted the fire department to get the blaze under control. A sentry told officers that he had seen a man stop an automobile near the barracks an hour before the fire and then hurry away.

United Effort

THE marvelous precision and accuracy of "warp, weft and shuttle" in the loom, exemplify the efficiency of co-operation and united effort.

In sixty mills, more than 35,000 skilled workers are making a united effort to produce woolen and worsted fabrics of dependable value for the millions who need them.

And through that unity—the elimination of waste, the use of efficient machines and the co-operation which only fairly-treated employees can give—the American Woolen Company is annually producing millions of yards of fabric which enables the people to buy good clothing at fair prices.

AMUSEMENT NOTES

HAYATO THEATRE

Tonight will be the only chance for local theatregoers to see John Barrymore in Robert Louis Stevenson's immortal drama of dual personality, "Dr. Jekyll and Mr. Hyde." The other picture that will be shown is "Yellow Gold," from the story of Clarence Morris and co-starring Helen Chadwick and Richard Dix.

Thursday, tomorrow, there will be a strictly new program. The chief attraction is the late George Loane Tucker's never-to-be-forgotten film production, "The Last Days of Pompeii," with a cast that includes Len Cheney, Betty Compson, Thomas Meighan and Joseph J. Dowling. This picture was adapted from George M. Cohan's striking Broadway success and is from the original story by Frank L. Packard. The plot of "The Last Days of Pompeii" is the story of the transformation of a gang of New York crooks under the beneficent influence of a deaf and blind patriarch, who is a leader of justice and peace. Coming to the screen with the idea of making money out of his gift, these four products of the metropolitan slums are made miraculously able to realize their desires. He not fail to see Len Cheney in the part of the beggar who makes himself into a piece of misshapen humanity in order to collect money from unsuspecting strangers.

The companion feature is "The Grim Comedian," starring Jack Haley. This picture is the story of a brilliant dancer, a man who dabbled all women, amused himself with many, but cost himself his love on one woman being himself. He thought that there was nothing money could not buy, and consequently he could not have it. He was a great dancer, but the day came when he found the one person who meant more to him than himself, a sweet young girl. And all the money in the world could not win her love.

MERRIMACK SQUARE THEATRE

Final performances will be given this evening at the Merrimack Square theatre of "Your Friend and Mine," an adaptation of the famous stage play, featuring an all-star cast, and "Free Air," a Saturday Evening Post story of the west.

For Thursday, Friday and Saturday an exceptionally attractive program has been arranged at the popular Palace street theatre. The features will be "Homeward Bound," starring Thomas Meighan in one of Peter B. Kyne's best known stories, and "The Snow Bride," another Paramount production with Alice Brady in the leading role.

In addition, the Merrimack Square will present the first official picture of President Harding's ill-fated Alaskan trip. These are the last moving pictures taken of the late chief executive and are of unusual interest for that reason.

Thomas Meighan's popularity as a Paramount star is unbounded. His recent successes, "Man of the Year," "Back Home and Broke" and "The Night of the Living Dead," present him in widely different roles, but he handles each with consummate artistry. Mr. Meighan is at his best in the portrayal of strong men and he has a role of this character in "Homeward Bound." That it will serve to cement his army of admirers is a foregone conclusion.

The story deals with Jim Redford, a seaman who was the love of Mary Brent, the daughter of his employer. He unwittingly joins the enemy of Mr. Brent, but after a series of dramatic happenings around a leaky schooner at sea, Redford saves the lives of Mary and her father and in a novel manner obtains the stake he is looking for in order to start in business keeping for his bride. The action throughout is rapid and every scene has a thrill of its own.

A screen artist of charm, magnetism and talent, Alice Brady, Paramount star, is one of the most popular actresses of the American stage and screen. That she is equally at home in her characterization of a South Seas island and a hardy girl of the frozen Canadian north land, is proof of her versatile work in "The Snow Bride," a romance of tropic isles, in which she recently appeared and her latest star vehicle, "The Snow Bride," the story of a woman who is married in Canada, with the temperature often thirty degrees below zero, is in fact, a story of a woman who was obtained by direct force. Koller and his staff of players, it is to be predicted that "The Snow Bride" will be claimed as one of the top super-productions of the Alice Brady career.

The safe method for ridding the child of worms is to use Dr. Tru's Elvix.

AUG. 1 RED LETTER DAY AT THE BUICK PLANT

Wednesday, August 1st, was the red letter day of all time at the Buick plant.

From early morning until late at night President Harry H. Bassett and General Sales Manager R. T. Stewart were fairly deluged with telegrams congratulating them on the reception of the 1923 Buick line.

Buick dealer sales managers, branch managers, distributors, dealers, persons of friends and even competitors were all represented in the symposium of congratulatory messages received.

There was not a single dissenting voice to the general expression that never in the history of the automobile business had a line of cars been

introduced under such auspicious circumstances.

The attendance on the opening day exceeded 250,000 in the thirty-three leading cities where Buick branches and distributors are located. Based upon this, and later advice, it is certain that the total for the four days will easily pass the million mark.

That the multitude of people were not merely curiosity seekers, was amply proved by the large number of actual orders taken, which exceeded by far the magnificent total of last year which was then thought would never be beaten.

Annual Outing For Children of St. Peter's Orphanage

CHILDREN AND COMMITTEE READY FOR THE OUTING

The annual outing of the children of St. Peter's orphanage, conducted by the St. Peter's Orphanage association, aided by the League of Catholic Women, is being held today at Canobie lake park. The members of the committee arrived at the orphanage at 2 o'clock and the machines that were to carry the children arrived a little later.

At 10 o'clock, the machines were loaded with the children and the drivers in charge of the orphanage and the forty machines, headed by one occupied by Mayor John J. Donovan, started for the park. Motor-cycle Officers Hunter and Kivlan cleared the way for the procession and carefully guarded the cross streets and railroad crossings until the city limits had been reached.

Upon arrival at the park a program of sports was begun under the expert supervision of John Candon,

trainer of the famous Edison school baseball teams. One of the features of the program was a baseball game between the altar boys of St. Margaret's and Sacred Heart churches. Rev. Fr. John Doherty, G.M.I., managed the latter team, while Rev. Fr. William P. Brennan had charge of the former.

A luncheon followed the baseball game and every conceivable delicacy had been prepared for the children by John Harvett, who has had charge of this part of the outing program for many years and who knows just what the children like.

Rev. Fr. Charles J. Galligan, pastor of St. Margaret's church, and Doctors James B. O'Connor and James J. Hogan were present to look after the children and they were capably assisted by the committee from the League of Catholic Women. After dinner the children were treated to

rides on flying horses, to a ride around the lake on the steamer, to a special moving-picture show put on for their benefit.

There were 150 children and six sisters in the party and all were well cared for from the time the party left the orphanage until the affair was over.

Prizes for the winners of the different sports were donated by John A. Connor, Hon. James B. Casey, William A. Hogan, Richard J. Walsh, Charles W. Holmes and Patrick J. Reynolds. The playing of the identification game was done by Sullivan Brothers, proprietors.

The committee in charge of the affair consisted of Councillor James P. Hennessey, president of the association; William A. Hogan, John A. Connor, Dr. James B. O'Connor, John Barrett, William F. Daly, Charles W. Holmes, John Condon, Henry L. Rourke and Hon. James B. Casey.

Reports on New Boilers

Continued

that they may be added to from time to time.

The total over-all cost is estimated between \$30,000 and \$35,000.

The report recommends that the building changes be made so that at least two additional boilers to the two under consideration may be added. The present boilers are of obsolete design and setting, while the boilers replacing them are the nearest standard size to the present boilers of modern construction and will be installed for maximum economy similar to the new boilers at the high school.

In order to make these changes it will be necessary to remove the present blacksmith shop, says the report. "The necessary building for a new blacksmith shop is not included in the estimate of cost as this would depend upon the new location of this equipment which has not been discussed."

"I recommend that this work be carried forward by one general contractor, as per this report, and that in another year another boiler be added to the two under consideration at the present time."

The report, accompanied by blueprints and drawings, will be before the board of public service at its meeting at four o'clock today.

Men Arrested in "Pigsty" Distillery

Continued

Sheehan were found operating a still in the piggery of the farm where they were distilling alcohol. The still was operated by a steam boiler and was capable of holding between 150 and 200 gallons.

The officers testified that they found a quantity of medicated alcohol in the piggery, and also considerable alcohol that had been distilled.

Kurtis and Herman were operating a truck and they drove up to the piggery while the officers were there. They had empty five-gallon cans in the truck, and they admitted that they had been transporting stuff from the piggery and

transferring it on various roads to other trucks for the past two weeks.

Judge Barlett found there was not sufficient evidence to convict Kurtis and Herman for illegal keeping and they were found not guilty.

The court regretted, however, that the real owners of the still were not brought in, as it appeared that the two who were operating the still were under pay of \$25 per week.

Federal Officer Sullivan, however, said that action against the two owners would be taken in federal court. The owners, according to the stories of the four arrested yesterday, are Samuel Slagel and George Herman, the latter being the father of the Herman lad.

All the principals in the case live in Quincy, and the still at Pine Grove Farm has been in operation since May 26, according to the stories of those arrested. The medicated alcohol was secured at Underhill in fiction and after being redistilled at the piggery, was trucked away and transferred to other trucks at different places along country roads.

When the distilled alcohol was shipped, the five-gallon cans that were used were encased in cartons stamped "Italy Brand Macaroni," and there were also several stencils found at the piggery, which the men arrested there said had been used to stamp cases for shipment. All the stencils bearing fictitious names.

James R. McLeod, proprietor of Pine Grove Farm, was also called before the court today and pleaded not guilty to a charge of maintaining a liquor nuisance. The police allege that McLeod was furnishing food to the men who were operating the still, and that a pipe line extended from his house to the piggery, a distance of about 500 feet, through which live water was furnished.

At the request of the defendant his case was continued until September 3.

POLICE INVESTIGATE TRIPLE TRAGEDY

BATTLE CREEK, Mich., Aug. 5—

Police today are seeking to learn more of the strange love affair which they believe is at the bottom of the killing yesterday of Mrs. B. H. Stewart, 58, and Mrs. Ella Wells, 55, and the suicide of John H. Wells, 70.

Jealousy, they think, prompted Wells to kill Mrs. Stewart, whose body was found last night in a clump of bushes 10 miles from this city. Several hours after police had found the bodies of Wells and his wife in their apartment here. A revolver still held in Wells' hand indicated he had shot his wife and then turned the gun upon himself.

Mrs. Stewart was last seen leaving her home in an automobile with an elderly man. Bloodstains on the gear shift lever of Wells' car, coupled with his own statement to a relative that

Raise Funds to Defray Expenses

Continued

old, men, women and children, as an example of what can be done by everlastingly keeping at it. School children would be impressed more by the moral if the example of Sullivan's attempt at the church swim six times and successful on the seventh were clearly and dramatically told to them. The telegram which he sent to his wife was very brief, nothing more than "I was home at once," but it marked the completion of a life ambition, the expenditure of unlimited energy and money.

A very pleasant method of recognizing this remarkable event and Sullivan's prowess in the water would be for chamber of commerce members and any others who so desire, to contribute toward the expense of the transatlantic voyage of Mrs. Sullivan and her daughter for a joyful meeting in England.

One of the chamber of commerce members who made the suggestion has started the fund with \$5 and contributions from other members are expected to come quickly and in generous amounts. Those desiring to contribute to this fund should send or deliver cash to the chamber of commerce office, or make checks payable to the chamber of commerce, and mail them to 302-308 Fairburn building.

Man Arrested in Billerica is
Arraigned and Fined in Dis-
trict Court

Charles D. Varsamas was fined \$50
by Judge Burleigh in district court to-
day for using wrong number plates,
and \$10 for not having a certificate of
registration for a Ford truck he was
driving in Billerica yesterday after-
noon.

Varsamas was held up in Billerica
square by Chief Livingston and Fed-
eral Officer W. H. Sullivan and in
cases of alcohol, similar to that seized
in the play of the Gray farm in the
morning, was found in the truck.
This was seized by the officers, to-
gether with the truck.

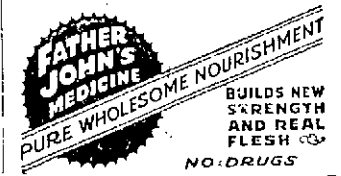

In the truck with Varsamas was a
man who gave his name as Charles
Abdelah, who said he lived in Bos-
ton. He said he was merely taking a
ride with Varsamas and did not know
the contents of the cases in the truck.
Varsamas told the officers that he
was engaged to drive the truck from
Boston to Lowell, and was told that
he would be met along the road and
that the cases would be transferred
from his truck.

Both men will be brought before the
federal court to tell their story there.
